**After Reading**

1) Groups A, B and C: Tell the rest of the students what you've learnt from the paragraphs you've read. Explain in English the meaning of any new phrases connected with money. Write the phrases on the board.

2) An improvised story

Below you'll find a sentence which one student is supposed to use to start the story. Each student, one by one, adds orally one sentence to the story.

On the board, there are all the phrases connected with money which the groups have just written down while doing exercise 1 from the 'After Reading' section.

When a student adds his/her sentence to the story he/she should use one phrase from the board in it.

The first sentence is: 'People around the world are being bitten by the frugality bug'.
